

The Spring Point Docent Training book and the Volunteer Handbook come in two versions. The iBooks (.ibooks) version can be imported into iBooks for iPad via iTunes or viewed in the iBooks app on a Mac desktop or laptop. This version contains interactivity such as videos, photo slide shows, and short tests.

The PDF versions contain the same material as the iBooks version, but without the interactivity. It can be viewed in Adobe Acrobat Reader or any application that supports PDF files.
