

SPRING POINT LEDGE LIGHT

South Portland, Maine

Lighthouse Buddy System

Our goal is to help new volunteers feel comfortable and connected to one another, to the Lighthouse Trustees, and to the community we serve - lighthouse lovers from around the world!

In an effort to help establish a sense of team, new volunteers are paired with a Lighthouse Buddy who is either a Lighthouse Trustee or long-serving volunteer.

What does a Lighthouse Buddy do?

- Make volunteers feel welcome and appreciated!
- Introduce volunteers to other Lighthouse volunteers and Trustees.
- Provide an opportunity for the volunteer to shadow their buddy during a tour, while working at the ticket booth, etc.
- Offer advice and guidance about tour strategies, Lighthouse history, and operational aspects of the Lighthouse.
- Provide encouragement and support.
- Serve as the primary point-of-contact for questions.
